DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 6/7/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of USSN 10/773195 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance:
- The primary reason for allowance for claims 1, 19, and 38 is due to the inclusion of the limitation which states "the drive circuitry is formed in an area of the wafer substrate, the area having a centre point that is offset from a center point of the corresponding ejection aperture by less than 200 microns." The limitation overcomes the prior art.
 - The reason for allowance for claims 2-4, 6-18, 20-22, 25-37, 39-41, and 43-54 is due to their dependency on claims 1, 19, and 38 which are deemed allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
